

AUDITION APPLICATION FORM

WHO WE ARE:

Helix Dance Theatre is a pre-professional dance company operating as a non-profit society in the province of British Columbia. We are currently seeking company members for our third season.

Artistically, the company's goal is to create work that demonstrates an elevated technical and artistic calibre, taking dance to a level above competitive-based performances. We work in an environment where the development and refinement of technical ability is the foundation for further exploration and artistic achievement. Our members travel from the Comox Valley, Salt Spring Island, Qualicum Beach, Parksville, Nanaimo & even as far north as Port McNeil.

Using contemporary, modern and stylized jazz, with a strong emphasis on classical ballet technique, Helix creates unique and stylized choreographic works, showcasing the talents of gifted young dancers. Through unique and relevant repertoire, Helix connects dancers to their communities.
